

SEQUENCE LISTING

Please replace the existing Sequence Listing with the enclosed new paper copy of the Sequence Listing.

REMARKS

In accordance with a telephone interview held between the Examiner and Applicant's attorney (Interview Summary dated March 5, 2002), Claim 11 has been further amended by adding the sequence identifying numbers after the sequences. No further amendments to the claim have been made.

With respect to the Sequence Listing, the following statement is made to the extent possible:

In compliance with 37 CFR 1.825(b), the content of the accompanying substitute paper copy and the substitute computer readable form is the same.

In view of the foregoing amendments and remarks, the new ground of rejection should be withdrawn and the claim should be allowed.

Respectfully submitted,

Michael L. Dunn
